

Parkinson's Foundation: Impact by State

In Kansas, there are an estimated **7,000 people with Parkinson's disease (PD)** who are 45 or older. The Parkinson's Foundation has invested **\$483,000** in **research** to better understand Parkinson's and to ensure **better care** for the Kansas PD community. As of 2018, in the last 5 years:

- **2,680 people with PD** accessed expert care annually at our **Center of Excellence**, University of Kansas Medical Center, with **325** enrolled in the *Parkinson's Outcomes Project*, the largest clinical study of PD.
- **295 health professionals** were trained to provide better care, and help close the gap in PD professional training.

We are equally committed to **educating and empowering** the PD community in Kansas. In the last 5 years:

- **1,660 Aware in Care kits** prepared people for planned and emergency hospital visits.
- **1,845 people with PD** attended our wellness, support and educational programs throughout Kansas and surrounding regions.

Offered professional help through **815** calls to information specialists via our Helpline, with **155** referrals to expert care.

Helped people with Parkinson's live well, distributing **38,440** free publications.

Brought **5,000** Kansans together, raising **\$731,000** through Moving Day, A Walk for Parkinson's.

The Parkinson's Foundation makes life better for people with Parkinson's disease by improving care and advancing research toward a cure. In everything we do, we build on the energy, experience and passion of our global Parkinson's community.
