

Parkinson's Foundation: Impact by State

In Ohio, there are an estimated **29,700 people with Parkinson's disease (PD)** who are 45 or older. The Parkinson's Foundation has invested **\$281,000** in **research** to better understand Parkinson's and to ensure **better care** for the Ohio PD community. As of 2018, in the last 5 years:

- **4 researchers** received research grants for their work to better understand Parkinson's.
- **585 health professionals** were trained to provide better care, and help close the gap in PD professional training.

We are equally committed to **educating and empowering** the PD community in Ohio. In the last 5 years:

- **3,260 Aware in Care kits** prepared people for planned and emergency hospital visits.
- **4 research advocates** — people with PD and care partners — were paired with scientists to make research more effective and efficient.
- **25 local Ohio grants**, totaling **\$265,000**, supported access to services, along with access to exercise and wellness classes for the PD community.
- **3,815 local community members** attended free wellness, support and educational programs throughout Ohio and the surrounding regions.

Offered professional help through **2,420** calls to information specialists via our Helpline, with **610** referrals to expert care.

Helped people with Parkinson's live well, distributing **41,300** free publications.

Brought **2,800** Ohioans together, raising **\$1.1 million** through Moving Day, A Walk for Parkinson's.

The Parkinson's Foundation makes life better for people with Parkinson's disease by improving care and advancing research toward a cure. In everything we do, we build on the energy, experience and passion of our global Parkinson's community.
