

# Parkinson's Foundation: National and State Impact

MISSOURI

The Parkinson's Foundation is committed to funding **research** to better understand Parkinson's (PD) and to ensure **better care** for the Parkinson's community.

As of 2019:

- **142,232 people with PD** accessed expert care at one of our **45 Centers of Excellence**, with **12,350+** enrolled in the *Parkinson's Outcomes Project*, the largest clinical study of PD.
- **\$340 million +** invested in Parkinson's research and clinical care since 1957.
- **\$2.7 million** supported early-career scientists in their search for better Parkinson's treatments and a cure.
- **48,000 health professionals** were trained to provide better care, and help close the gap in PD professional training.

We are equally committed to **educating and empowering** the Parkinson's community:

- **86,200 Aware in Care kits** were distributed for planned and emergency hospital visits.
- **5,110 people with PD and care partners** were educated about clinical trials by Parkinson's Foundation research advocates.
- **108,000 people received** vital counseling from specialists via our Helpline.

In the state of Missouri, there are **15,370 people with PD** who are 45 or older. This past year, the Parkinson's Foundation has helped the Missouri PD community by:

Helping people with Parkinson's live well, distributing **1,035** free publications

Brought community members from Missouri together to raise awareness for Parkinson's

*The Parkinson's Foundation makes life better for people with PD by improving care and advancing research toward a cure. In everything we do, we build on the energy, experience and passion of our global Parkinson's community.*
