

# Parkinson's Foundation: Impact by State

In Texas, there are an estimated **52,500 people with Parkinson's disease (PD)** who are 45 or older. The Parkinson's Foundation has invested **\$824,200** in **research** to better understand Parkinson's and to ensure **better care** for the Texas PD community. As of 2019, in the last 5 years:

- **2,145 people with PD** accessed expert care annually at our **Center of Excellence**, Baylor College of Medicine, with **478** enrolled in the Parkinson's Outcomes Project, the largest clinical study of PD.
- **5 researchers** received research grants for their work to better understand Parkinson's.
- **1,445 health professionals** were trained to provide better care, and help close the gap in PD professional training.

We are equally committed to **educating and empowering** the Parkinson's community in Texas. In the last 5 years:

- **1,730 Aware in Care kits** prepared people for planned and emergency hospital visits.
- **16 research advocates** — people with PD and care partners — were paired with scientists to make research more effective and efficient.
- **440 people with PD** received free services, along with access to exercise and wellness classes through 5 local Texas grants, totaling **\$80,480**.

Offered professional help through **3,000** calls to information specialists via our Helpline, with **810** referrals to expert care.

Helped people with Parkinson's live well, distributing **21,960** free publications.

Brought **2,230** Texans together raising **\$386,500** through Moving Day, A Walk for Parkinson's.

*The Parkinson's Foundation makes life better for people with Parkinson's disease by improving care and advancing research toward a cure. In everything we do, we build on the energy, experience and passion of our global Parkinson's community*
