## Complete Healthcare for Seniors Living at Home

Program of All-Inclusive Care for the Elderly (PACE)

## Personalized Care to Meet Your Needs

Sutter SeniorCare – a “Program of All-Inclusive Care for the Elderly” referred to as PACE – is designed to help you live independently in your home and community. Our team of doctors, nurses, therapists, social workers, drivers and aides provide the care you need and take the worry out of healthcare – so you can focus on living the life you want.

### What is Sutter SeniorCare?

To help seniors 55 years and older live safely in their homes, Sutter SeniorCare is a health plan that offers:

- A **care team** that works together and knows your needs.
- A **comprehensive services network**, including doctors, hospitals, prescription drugs, rehabilitation, dental and vision.
- A **PACE center**, designed and built for seniors, where you can socialize with other seniors, enjoy activities, and meet with your care team.
- **Transportation** and **home care** services.

### How Much Does Sutter SeniorCare Cost?

If you qualify for Medi-Cal, either alone or in combination with Medicare, your costs may be fully covered. And if you don't know if you're eligible for Medi-Cal, we can help you figure it out.

*Participants must receive all needed health care services through the PACE plan network, except in the case of emergency services. Participants may be fully and personally liable for the cost of out-of-network services or services without prior approval.*

## Why Choose Sutter SeniorCare?

### Success in Serving Seniors

We have been serving Sacramento seniors for more than 25 years, and we were one of the first PACE programs in the United States.

### Deep Roots in the Community

As a not-for-profit organization, we reinvest our resources back into the community. We proudly fund and partner with community programs to help ensure those in need have access to care and social services.

### Quality Care

When needed, Sutter SeniorCare participants can access Sutter Health-affiliated doctors and hospitals. The Sutter Medical Network includes many of California's top-performing, highest quality physician organizations. Sutter-affiliated hospitals often receive awards for the high quality care they provide.
