

Do you or your loved ones have Parkinson's disease?

California Clinical Trials Medical Group managed by Parexel in Glendale, CA is currently seeking people diagnosed with Parkinson's disease to participate in a clinical research study that requires receiving one dose of an investigational drug or placebo.

Qualified participants must:

- › Be 40-80 years old
- › Have an existing diagnosis of Parkinson's disease

Study participants may receive:

- › Study-related medical exams and lab analysis at no cost
- › Neuropsychological exams and assessments to test memory and other thinking abilities at no cost
- › Transportation assistance to the clinic
- › Compensation for time and participation of up to \$6,900

If you qualify, the study may involve 2 screening visits, 1 inpatient stay of 6 days/5 nights, and 7 follow-up visits.

For more information, please contact us toll free at 1-844-373-3916 (Monday to Friday between 8AM and 4PM). Please reference study #237129.
