

MOVING DAY REWARDS FAQ

See below for commonly asked questions about our Moving Day rewards program.

How do I earn rewards?

To earn rewards, you must be a registered Moving Day participant and raise a minimum of \$100. For each reward level you reach, you'll receive that reward plus all the items from previous levels.

How can I track my progress?

Log in to your Participant Center or the NEW Fundraise for Parkinson's app for Moving Day to track your fundraising progress. You'll also receive email notifications when someone donates, and a badge will appear on your page when you reach a new reward level.

Do my donors receive rewards?

Rewards are earned by the person raising funds, not by the donors. Only registered participants who collect donations will receive the reward items.

I've never fundraised before. How can I raise \$100?

No problem! Many participants are first-time fundraisers. Check out our list of 10 easy ways to raise \$100 or more. A popular option is setting up a Facebook Fundraiser through your Participant Center!

Does my whole team earn rewards if we raise \$100+?

Rewards are earned individually, not by team fundraising totals. However, top fundraising teams will be recognized on event day with special signage along the walk route.

When and how will I receive my rewards?

You can pick up your rewards at the Rewards Tent on event day. The exception is the All Star Mover item, which will be shipped after the event. Virtual participants will have all rewards mailed to them.

What is an All Star Mover?

An All Star Mover is a registered participant who raises \$1,000 or more! All Star Movers will receive an exclusive lapel pin at Moving Day, and the All Star Mover Quarter Zip Sweatshirt will be shipped after the event.

For more questions, please reach out to MovingDay@Parkinson.org.

All donations, including matching gifts, must be received on or before walk day to qualify for rewards. Alternative reward items may be offered due to limitations in product availability.
